

CUBE-ME

CUBE MIDDLE EAST COMPANY LIMITED

Cube Middle East Limited is an engineering and construction company delivering integrated solutions across power, civil, mechanical, automation, protective coatings, and structural steel sectors. Leveraging strong technical expertise, strategic partnerships, and in-house capabilities, we provide end-to-end services through strategic collaboration. Our commitment to excellence ensures that every project meets the highest international standards, delivering value, innovation, and reliability to our clients.

From substations, transmission lines, and E&I testing to industrial automation, protective coatings, steel fabrication, and pipeline construction, Cube Middle East is committed to building projects that are safe, sustainable, and future-ready.

Our strength lies in our ability to combine engineering excellence, advanced technologies, and customer focus to deliver projects on time and with uncompromised quality. Trusted by clients across energy, utilities, oil & gas, and infrastructure sectors, we continue to play a vital role in shaping the region's industrial and infrastructure growth in line with Saudi Vision 2030.

HISTORY

We are Team of Engineers having Decades of working Experience brought from respective Industry across the region. CUBE MIDDLE EAST is a professionally managed company and committed to provide high quality service in the field of Construction, Power and Oil & Gas Industries.

We have a dedicated Product Wise Expertise Team for Structural steel Fabrication and Erection, Protective Coating Solutions, Passive Fire Protection, Concrete Repair & Leak Injection, Concrete Core Cutting and Trading of Specialized Building Materials.

Having five business divisions, offering diversified product/service ranges in the same customer orientated business strategy has been so successful. Our aim is to provide a long-lasting solution to our customer's Needs through our Expertise using the best materials available.

We have successfully completed many projects with many esteemed clients in Power, Oil & Gas, Petro Chemical Industries and It's Associated Main Contractors. We have the prequalification for individual product and services with the Product Approval from the client and consultant, Project History and Tools & Equipment's.

We ARE certified Company or ISO 9001,ISO 140001 & OHSAS 18001.

QUALITY POLICY

Cube Middle East Limited Company, quality Policy specifies the Degree of Excellence as all activities of the organization will be carried out in a systematic manner in accordance with defined and documented Policies and Procedures.

We Meet applicable legislative requirements, will be visible and auditable, and will ensure that the needs of learners and staff are met.

Quality is the foundation of our company and is fully embedded in our purpose and core values. By respecting our policies, principles and standards with full transparency, we ensures consistency across all departments to make sure all customers are satisfied with our services.

We strives for zero defects and perfect outcomes, by constantly looking for opportunities to apply our continuous improvement approach to deliver competitive advantages.

The company's mission is to provide total customer satisfaction with quality products leading to long term partnerships.

Our skilled employees take a proactive approach in the daily operations in order to achieve superior efficiency and precision processing of our service. This will lead to on-time delivery dates, which allows for the lowest cost to our company and our buyers.

This speaks of the loyalty, teamwork, and expertise that distinguish us in the Engineering Services we deal with.

Overall the goals and Intentions of Cube Middle East Limited Company are to achieve the following principles.

QUALITY POLICY

Our Customers

- To provide efficient service to customers as our success ultimately depends on their satisfaction.
- To provide the innovative services through sourcing of best products & materials available in the Market.
- To understand and exceed customer Expectations.

Continual Improvement

- To strive for business profitability by improving Time, Cost and Quality of our processes.
- To set transparent, ambitious, measurable and inspiring goals and objectives for the company.
- To strive to surpass ourselves and empower our people to make decisions.
- To measure ourselves against best practices and learn from our past experiences.

Our Employees

- To increase the performance and skills of employees through training and Development program.
- To create an environment of trust, personal integrity, mutual respect and open communication.

In addition, we are fully committed to comply with the requirements of the ISO 9001 international standard in all concerned areas of its application, and ensure that the policy is communicated and understood by all relevant employees.

Vision

To be the region's most trusted and innovative engineering and construction partner — delivering integrated solutions in power, infrastructure, automation, steel, and industrial services that drive progress, sustainability, and long-term value for our clients and communities.

CUBE-ME

Mission

Our mission is to deliver world-class Engineering, Construction, and Industrial solutions across Power, Automation, Steel, Coatings, and Infrastructure sectors.

We are committed to:

- Combining technical expertise and innovation to achieve excellence in every project
 - Ensuring safety, quality, and sustainability as core principles of our operations
 - Building long-term partnerships through trust, transparency, and customer focus
 - Supporting Saudi Vision 2030 by contributing to industrial growth and infrastructure development
-

Our Value

Quality

We maintain rigorous quality control throughout every phase of our projects to ensure optimal results

Innovation

We encourage and adopt new technology and methodology for production.

Integrity

We do our business with utmost honesty and transparency in building relationships with our clients and stakeholders.

Safety

We prioritize the safety first in our projects

Sustainability

We are committed to sustainable practices that reduce environmental impact and contribute to the community we work for.

Why Us?

- ◆ Decades of engineering expertise
- ◆ Strong client portfolio (Aramco, SEC, Petrochemical leaders)
- ◆ Certified & approved
- ◆ End-to-end project execution capability
- ◆ Safety, quality & compliance at global standards

OUR PARTNERS

Best Choice Factory for Steel Industry (BCF Steel) is a leading structural steel and Pre-Engineered Building (PEB) manufacturer, contributing to major projects across the Middle East. Established in 2015, BCF Steel has become a trusted foundation in the structural steel industry in Qatar and Saudi Arabia, delivering exceptional projects across diverse sectors, including commercial, industrial, and oil & gas.

With a team of highly qualified professionals, we combine industry best practices with innovative technology to achieve the highest standards in structural steel fabrication and installation, ensuring quality, precision, and reliability in every project.

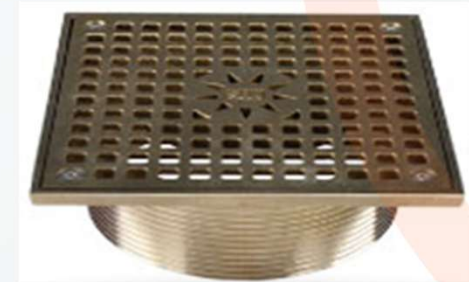

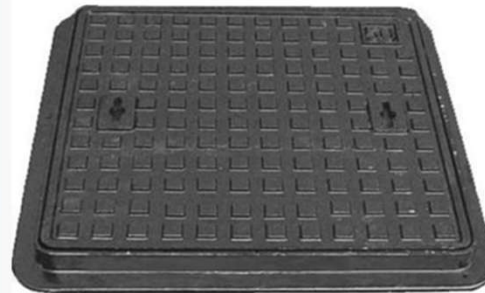

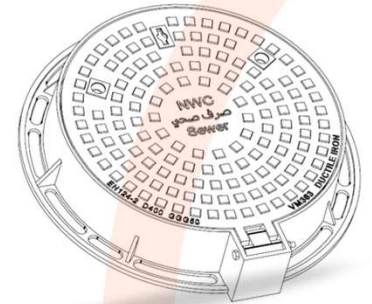

Plasma Alloys Pvt. Ltd. is an ISO 9001:2000, ISO 14001 & ISO 18001 Certified Foundry Unit for Ductile Iron & Steel Foundry, manufacturing and supplying quality Grade Ductile Casting for all Industrial Casting, Engineering Components, Valve Industry, Pump Industry, Machine Tools Industry, Railways, Defense, Sugar Mill & Paper Mill Industries, Electric Motor-Body Parts Casting, Automobiles Industry Casting, SG Casting, Alloy Cast Iron Casting, etc to India's & Overseas leading Industries for various casting application.

A leading innovative technology solutions provider for silicones and sealants, with 30 years of experience. CSL Silicones Inc. is globally recognized for its expertise in Room Temperature Vulcanizing (RTV) silicone materials and engineered applications. Our commitment to quality set us apart, as we anticipate and meet diverse markets, fostering strong customer relationships. CSL's unique story is one of inspiration and differentiation in the competitive world of silicone companies.

CIVIL CONSTRUCTION

Cube Middle East provides comprehensive industrial civil construction solutions, from conceptual design to engineering, procurement, and construction (EPC). Our integrated approach ensures high-quality, efficient, and sustainable industrial facilities.

Our Offerings:

Civil Engineering Design – Structural, foundation, and layout designs optimized for industrial requirements.

Industrial Construction – Turnkey solutions including factories, warehouses, plants, and infrastructure facilities.

Project Management & Execution – Planning, scheduling, and quality control for timely and budget-compliant delivery.

Consultancy & Feasibility Studies – Technical studies, site evaluation, and risk assessment for optimized design solutions.

Maintenance & Upgradation – Civil rehabilitation, retrofitting, and structural enhancements to existing facilities.

STRUCTURAL STEEL FABRICATION

Through our owned investment company **BCF Steel** (Best Choice Factory for Steel Industry), Cube Middle East offers world-class structural steel design, fabrication, and erection services. With in-house capabilities, we provide turnkey steel solutions for industrial, commercial, and infrastructure projects – ensuring quality, precision, and on-time delivery.

BCF Steel is equipped with advanced machinery, skilled engineers, and a fully integrated production facility, enabling us to deliver complex steel structures that meet international codes and client specifications. From hot-rolled sections to pre-engineered buildings, our solutions are tailored to diverse project requirements.

Our Capabilities Include:

**DESIGN, DETAILING & ENGINEERING (USING
ADVANCED CAD/CAM & TEKLA SOFTWARE)**

INDUSTRIAL SHEDS, WAREHOUSES & STEEL BRIDGES

FABRICATION OF HOT ROLLED STEEL STRUCTURES

SUPPLY & ERECTION OF STRUCTURAL STEEL ON SITE

PRE-ENGINEERED BUILDING (PEB) SYSTEMS

**SURFACE TREATMENT & PROTECTIVE COATING
INTEGRATION**

HEAVY & LIGHT STRUCTURAL STEEL FABRICATION

**TURNKEY STEEL SOLUTIONS FOR EPC &
INFRASTRUCTURE PROJECTS**

MECHANICAL & PIPELINE CONSTRUCTION

Cube Middle East, in strategic partnership with **Vanguard Pioneers General Contracting**, delivers specialized mechanical and pipeline construction services across Saudi Arabia. With Vanguard's proven expertise in oil & gas, utilities, and industrial sectors, combined with Cube's technical and financial strength, we provide reliable turnkey solutions for complex pipeline and mechanical projects.

Our joint capabilities ensure safe, efficient, and on-time project execution – from cross-country pipelines to process piping systems and plant mechanical works. Together, we meet the stringent requirements of leading clients, including Aramco, Royal Commission, and major utility companies in the Kingdom.

**CROSS-COUNTRY PIPELINE CONSTRUCTION (OIL, GAS,
WATER)**

PROCESS PIPING INSTALLATION & MAINTENANCE

**MECHANICAL EQUIPMENT ERECTION, COMMISSIONING &
DECOMMISSIONING**

**PIPELINE WELDING, FABRICATION & TESTING (ASME / API
STANDARDS)**

ARAMCO CERTIFICATIONS

Saudi Aramco F-Reference No. 0014557

Registration Approval Letter

September 15, 2025

Attention : **CUBE MIDDLE EAST LIMITED**

CR Number : 2050195415

Supplier Type: **Service Provider Only**

Country : **Saudi Arabia**

We are pleased to inform you that CUBE MIDDLE EAST LIMITED is now registered in the Saudi Aramco Supplier Management System under Vendor Code No. 10116704, provided your company continues to meet all relevant Saudi Arabian and Saudi Aramco standards.

This registration, however, should not be construed as a commitment by Saudi Aramco to procure from you. Being registered as a supplier only grants your company the opportunity, along with other registered sources, to respond to requests for submitting proposals in accordance with Saudi Aramco's established policies and procedures. All procurement instruments including but not limited to service contracts, purchase agreements, or purchase orders will be issued based on the name and address included in your commercial registration (CR), as stated in your Supplier Registration.

Saudi Aramco wishes to remind you that being recognized as a supplier carries with it serious obligations and responsibilities to act in a legal and ethical manner. We wish to remind you of the Saudi Aramco Supplier Code of Conduct (SCOC) which you acknowledged. Failure to abide by the principles set forth in the SCOC can result in adverse actions being taken by Saudi Aramco against you including suspension of you as a supplier. Saudi Aramco also expects each of its suppliers to satisfy each of the requirements of any procurement instrument which might be placed and to act responsibly and reliably as a supply chain supplier.

Material Suppliers should apply for Saudi Aramco Supplier Portal access by forwarding a request to portal-registration@aramco.com. The Supplier Portal is the main electronic business tool used between Saudi Aramco and its suppliers and serves to improve the flow and accuracy of key supply chain information.

For further information or assistance please contact the Saudi Aramco Supplier Help Desk by forwarding a request to SupplierHelpDesk@aramco.com or via the unified call center 800-116-1168 for In-Kingdom suppliers or +966 (11) 290-9950 for Out-of-Kingdom suppliers.

Ibrahim Douhan Al Douhan, Supervisor
Supplier Registration Unit
Supplier Relationship Management Div

It is the responsibility of the supplier to update Saudi Aramco Supplier Registration Profile through Ariba for the following:

1. Change of Name / Commercial Registration Number / Address / Owner(s)
2. Any change of the supplier location
3. Discontinue supply of approved commodities (SCOMs and SCATS)

This is an electronically generated letter by Saudi Aramco. To verify Supplier approval status, please contact Supplier Help Desk at supplierhelpdesk@aramco.com
